Navy Outdoor Recreation
Carney Park
Naples, Italy

Admiral Robert B. Carney Park

The park is located 23 kilometers east of the U. S. Naval Support Activity, Naples, Italy in a 93-acre extinct volcanic crater. It hosts a 9 hole golf course, an Olympic size outdoor swimming pool/water park, adult softball/baseball fields, little league baseball fields, football and soccer fields, lighted tennis courts, batting cages, an outdoor basketball court, sandlot volleyball courts, horseshoe pits, tent sites, picnic areas, pavilions, a boy/girl scout camp area, cabins, RV sites, a paintball field, a climbing wall, youth center, teen center, snack bar and restaurant.

History of Carney Park.

Carney Park was established on May 21, 1966 by the MWR department of NSA Naples. At that time, the park consisted only of what is now the ball fields. It wasn't until September of 1969 that the MWA department of AFSOUTH began the development of the Golf Course. The Golf Course and Carney Park remained separate entities until 1995, when AFSOUTH turned over control of the Golf Course to NSA.
